**DESIGNED AND
MANUFACTURED BY
ARBORTECH PTY LTD**

WHAT'S INCLUDED

- AS175 1400W Tool
- General purpose Blade
- Plunge Blade
- Dust Boot
- Ian Key
- Spare blade bolts (x4)
- Arbortech Carry Bag

GENERAL PURPOSE BLADES

Used for general cutting of bricks and mortar. Designed for cutting a single brick height (120mm) / 4^{3/4}" depth. Ideal for single brick removal and tothing of brickwork.

Depth: 120mm (4^{3/4}") Width: 7.2mm (9/32")

PLUNGE BLADES

Used for general cutting of bricks and mortar. Designed for cutting a single brick height (120mm) / 4^{3/4}" depth. Ideal for single brick removal and tothing of brickwork.

Depth: 120mm (4^{3/4}") Width: 7.2mm (9/32")

SWITCHBOX BLADES

Ideally suited to cut small square holes for electrical switches.

Depth: 120mm (4^{3/4}") Width: 7.2mm (9/32")

HEADJOINT BLADES

Ideal for tuckpointing and mortar removal on vertical joints.

Depth: 75mm (3") Width: 7.2mm (9/32")

HERITAGE BLADES

Ideal for mortar removal on thin joints and heritage restoration.

Depth: 35mm (1^{3/8}") Width: 3mm (1/8")

TUCKPOINTING BLADES

Used for removing the mortar between the bricks in restoration work.

Depth: 35mm (1^{3/8}") Width: 7.2mm (9/32")

XL GENERAL PURPOSE BLADES

Cut up to 170mm deep.

Depth: 170mm (6^{3/4}") Width: 7.2mm (9/32")

HEAVY DUTY DUST BOOT

Collects most of the dust generated when connected to a vacuum. This keeps the worksite clean and reduces silica dust particles in the air.

**PRECISE
INSTALLATIONS**

**TUCKPOINTING
AND MORTAR
RESTORATION**

**FAST AND EASY
TOTHING**

**CUT SQUARE
WITHOUT
OVERCUTTING**

**EXTRACT
HARMFUL DUST**

CUT SQUARE, CUT DEEP AND CUT WITH PRECISION.

Engineered to significantly improve safety and efficiency when cutting bricks walls, mortar and more. Ideal for Trade Professionals and DIY Enthusiasts, there is a number of specialised blade options for specialised trade applications.

CUT SQUARE

The AS175 cuts square openings with no over cutting. Surrounding brickwork can remain untouched, no bolstering or stitch drilling is required and job completion times can be reduced.

CUT DEEP

The AS175 is the only small handheld saw able to cut to a depth of 170mm.

CUT SAFE

The AS175 provides superior operator safety. The inherently safe cutting action prevents kickback and is easy to control.

PLUNGE CUT

Use the AS175 to cut directly into flush walls without stitch drilling.

CUT DRY / LOW DUST

This unique cutting technology creates very little fly dust protecting the operator and creating a cleaner work environment.

HIGH VISIBILITY AND PRECISION CUTTING

The forward facing blades allow clear visibility when cutting making the AS175 the ideal tool whenever accuracy and precision is required.

ARBORTECH™

ALLSAW AS175 BRICK & MORTAR SAW

NEW heavy duty triple V belt

improves power transmission allowing for a longer lifetime and faster cuts

Vibration reduction handle

will increase comfort, control and see you working for longer

Interchangeable blades

enable precise deep cutting for a wide range of tasks

NEW powerful heavy duty motor

1400 Watt of power for improved cutting performance and longer brush life

Ergonomic handle

with trigger lock on switch

NEW Heavy Duty Dust Boot

will help you control harmful silica dust and minimise clean up of your work site
